

LILLARD FLY FISHING

EXPEDITIONS

Equipment Rental Program

In an effort to keep equipment costs down, Lillard Fly Fishing Expeditions offers a rental program for our students on a few select items. Any participant has the option to rent a sleeping bag and sleeping pad, backpack, rod and reel, and fishing essentials from LFFE. We offer these items individually and in a variety of cost saving packages. The following is a general description of the gear we rent:

- Sleeping Bag: 20-degree, synthetic-filled, mummy-style bag.
- Sleeping Pad: Closed-cell foam pad made by Thermarest.
- Backpack: 4,500–5,000 cubic inch, internal frame pack made by Kelty. Pack rental includes a rain cover for the pack (you will not need to purchase a “pack cover” from the itemized list).
- Rod: Choose from one of our high quality 3,4, and 5 weight 4 piece rods made by Orvis. For help selecting which rod is best for your trip please give our office a call.
- Reel: We have quality Orvis rental reels to match your rental rod, or rod from home. (All reels come with backing and fly fishing line in correct size for your rod)
- Tackle: A fishing lanyard containing nippers, forceps, fly floatant, and tippet in 3x, 4x, and 5x
